I am extremely disappointed in the Department of Justice's handling of the settlement. Why have you gone out of your way to do what Microsoft wants when they're the one who has broken the law? By the way you have handled this matter it seems like anybody who is arrested by the FBI and convicted of federal charges should get to choose how much time they spend in jail. Thanks a lot for selling out me an millions of other American consumers and businesses for no real reaseon.
